

Hartwell®

SPRING/SUMMER 24

BRAND INTRODUCTION

Hartwell has always pushed for more colour, femininity and creativity in women's countrywear. As our collections have grown and the brand has become more established, we have continued to strive to introduce new original and surprising prints, new luxury fabrics and new ways to look your best. Whether you're dressing for town or country.

This Spring/Summer sees a fresh burst of floral and animal prints across our blouses, shirts and dresses, and the introduction of our first range of Polo shirts.

We hope you enjoy the Collection.
